Through the combined partnership of the church, the community, and the State of Texas, the Phased In Project will embrace these youth who were never adopted to ensure that these young adults achieve self-sufficiency and stability. Board News: 1 Rolls Off, 3 Step Down, 5 Roll On

After 6 years, Michelle Wood (2008) will roll off the LWF Board of Directors this summer.

Three board members, Cynthia Laney (2009), Stephanie Gorham (2012), and Ricardo Sandoval (2013), decided it's best for them—and the board—if they were to step down from their positions on the board. Cynthia resigned in May, and Stephanie and Ricardo resigned in June.

Five new board members are due to roll onto the board of directors after the current board members voted unanimously to add the following people to board of directors:

Michael Boyle
(1996)

Cammie Dean
(2010)

Jackie Hamm
(2012)

Stephen Santellana
(2003)

Steve Sims
(2012)

New board member orientation will happen July 29th at the Non-profit Center. If all goes as planned, the five new board members and the 2014-15 executive committee members will be present.

Among other things, the plan is to orient the new members in the areas of board member expectations; organizational structure, bylaws, policies, meeting info, committee descriptions, finances, etc. Also planned is time for some Q&A and some administrative necessities. A no-frills event primarily focused on the business side of being a board member.

These new board members will first join all other board members during next month's board retreat. At that time, all board members will get better acquainted with one another as they out the board's plan for the next year and beyond.
